

Your pesticide license has just been issued or (yikes! ! !) is about to expire.

The table inside accompanies the Fact Sheet, *Renewing Your Pesticide License with CEUs*.

The table explains how CEU points can and must be divided between General Standards CEUs and the different category CEUs.

Remember: it is **your** responsibility to keep track of your own CEUs. The Miami-Dade County Extension will keep one copy of CEUs granted by persons working in this office. We will be happy to keep a copy of CEUs you earn elsewhere, but you need to give them to us first.

If you have questions, please contact your local county extension office.
