

Important meeting with the South Florida Water Management District on the newest water shortage restrictions for Miami-Dade County and Monroe County Nurseries

Message from:

Jesus L. Rodriguez
Lead Water Conservation Officer
South Florida Water Management District
Office: 561.682.6060
Mobile: 561.568.8025
Email: jerodrig@sfwmd.gov

The District will host a public meeting for nursery owners and staff in Miami-Dade and Monroe Counties on Friday, May 22, at 3:00 p.m. in the Auditorium at the Miami-Dade Cooperative Extension Service in Homestead. Jennifer Bokankowitz and I will be presenting the new water shortage restrictions for nurseries in both counties and gathering public comment; representatives from the Miami-Dade and Keys Service Centers are also expected to attend.

Date: Friday, May 22nd, 2009

Time: 3:00 pm - 5:00 pm

Location: Miami-Dade Cooperative Extension Service
Auditorium
18710 SW 288th Street
Homestead, Florida 33030
305-248-3311

Please note this event will only address restrictions on nurseries/growers (not agricultural uses, as an earlier public meeting expressly for ag in Miami-Dade has already taken place). I hope your members will take advantage of this opportunity to interface directly with District staff and look forward to gathering additional input on the issues that concern them.

Thanks, everyone.
Jesus
