## Using Herbicides Safely in a Nursery

Date & Time: **Tuesday, October 23, 2007**; 12:10 – 4:50 p.m.

(includes lunch)

Workshop Site: John D. Campbell Ag Center, 18710 SW 288<sup>th</sup> Street, Homestead, FL

### Who should attend?

Nursery producers who are having problems with weed control at their production sites.

CEUs: This program grants 4.0 total CEUs: 2.0 Core + 2.0 Private, Ornamental & Turf, D & R

### Topics to be covered:

- Weed Identification and “New” Weeds
- Methods of Weed Control for Nurseries
- Modes of Action of Herbicides for Nurseries
- Why Weed Control Fails and How It Can Be Avoided
- How to Calibrate a Nursery Sprayer and Hands-on Calibration Activity for Nurseries
- Understanding Herbicide Labels for Nurseries

### What should I bring?

- Please bring your pesticide license number since that will help us grant CEUs
- Please bring a calculator for the math portion of the workshop
- If you have troublesome weeds or weeds that you have not been able to identify, please bring them with you
