

Local Retail Nurseries that Specialize in Flowering Trees and Shrubs – *convenient for residents of Miami-Dade County*

John McLaughlin, Teresa Olczyk, Adrian Hunsberger and Wendy Livitz

If you wish to add some color to your landscape, flowering trees and shrubs are an excellent choice for south Florida. If you cannot find what you are looking for at a local garden center the nurseries listed below grow a variety of such plants. The following list has been compiled as a service for residents of Miami-Dade and implies no endorsement of any or all of the nurseries listed. When considering any of the growers listed, *please note that some are open to the general public by appointment only*. You should call ahead to arrange a visit and to ask for directions – many are in remote locations. In some instances growers will also install the plants they sell and/or give landscaping advice. If you grow flowering trees and/or shrubs in Miami-Dade or Broward Counties, sell to the general public and wish to be added to this list, please contact John McLaughlin at either 305 248 3311 ext. 228 or e-mail johnmcl@ufl.edu.
